Office Action response for patent 10/036/893

Dear Tran,

Thank you for your communication of August 26, 2003, in which you request rewording of the specification.

- I enclose an updated copy of specification in both redline and final format
- I have amended the specification to remove references to Newton's law claims
- I believe I have satisfied all of your concerns and I would that you can now grant the patent
- I also include a copy of the diagrams, although the diagrams have not changed

May I thank you for your help in progressing this patent,

Sincerely

Dr Benjamin La Borde
